ABOUT US

At Rattan Institute of Management, our vision is to be a globally recognized center of excellence for management education that empowers our students to lead, innovate, and create positive change in the world. We aspire to create a dynamic and inclusive learning environment that fosters intellectual curiosity, critical thinking, and lifelong learning and prepares our students to meet the challenges and opportunities of the 21st century.

We are committed to providing our students with industry-relevant education, practical learning experiences, and a strong foundation in ethics and social responsibility. Our goal is to inspire our students to become leaders and change-makers who can drive sustainable development, innovation, and entrepreneurship in their respective fields.

MCA PROGRAMME

Maharshi Dayanand University offers a two-year computer application course in MCA (MASTER OF COMPUTER APPLICATION), that are further classified into various specializations. The two-year MCA program is spread across four semesters at the PG level. In the branch of computer applications, Technological issues require specialized solutions and MCA course provides hands-on training and skills to address to complex issues arising in the domains such as operating systems, computer languages and system .

MCA Course

Master of Computer Application is a two-year postgraduate level course which delves deeper into the specializations administration. Candidates can also get into academics or research in Data Analytics after completing MCA. Professionals can work as App Developers, Ethical Hackers, Manual Testers, Trouble-shooters for various IT Services Based companies.
